REPEAT

After completing wall 1, the dance you will hold slightly (for about 4 quick counts). You can clap or whatever. You will notice a couple of times in the routine that you will hesitate slightly before starting over because of the odd bits of phrasing in the dance. I felt that if I put little tags in the dance to compensate, it would take the fun and easy feeling out of the dance.

In the last half of the song it slows down (on the heels twists). Just slow down with the song then speed up again when the song speeds up and have fun!
